**CURL**

**Wave Loom**

It makes me feel good that the hand-built Wave looms I developed are desired and enjoyed by so many weavers. The volume of requests for new ones surpasses my ability to make them. **I am going to take a limited number of orders for the new CURL loom and then close orders again. PLEASE read the description of the CURL before ordering.** Sorry, but I cannot accommodate a future waiting list or a notification list beyond the orders in this cycle.
