

Please READ if you wish to ORDER a Mini Wave Loom

I am pleased the Mini Wave loom is desired and enjoyed by so many weavers. The volume of requests for new ones surpasses my ability to always keep them in stock. I have made a limited group of them and will take orders for these. Then, when gone, will close orders again. Sorry, but I cannot accommodate a future waiting list or a notification list beyond the orders in this cycle.

\$540 plus shipping

If your Mini will be shipped then your ACTUAL shipping cost is what the Post Office or UPS charge for the shipping label to your address. There are no extra packaging or other fees. I will not know the exact shipping cost until I make the label.

I CANNOT SHIP OUTSIDE the USA

To Order a Mini Wave:

Send an e-mail to weavinginfo@gilmorelooms.com with the below information

1. First and Last Name.
2. Shipping/billing address
3. Phone contact information
4. There is a limit of ONE WAVE LOOM PER CUSTOMER.
5. **DO NOT SEND CREDIT CARD (only US Visa or MC) PAYMENT INFORMATION IN AN EMAIL!** After you have emailed #1 through #4 above I will be glad to give you a call for your payment information. Remember we are on Pacific Time. You can also request payment through PayPal. Because of all the unwanted calls and texts coming at me calls usually go to the answering machine. *When I call you Please recognize the phone number 209-463-1545.*

With all payment methods you MUST still email #1 through #4.

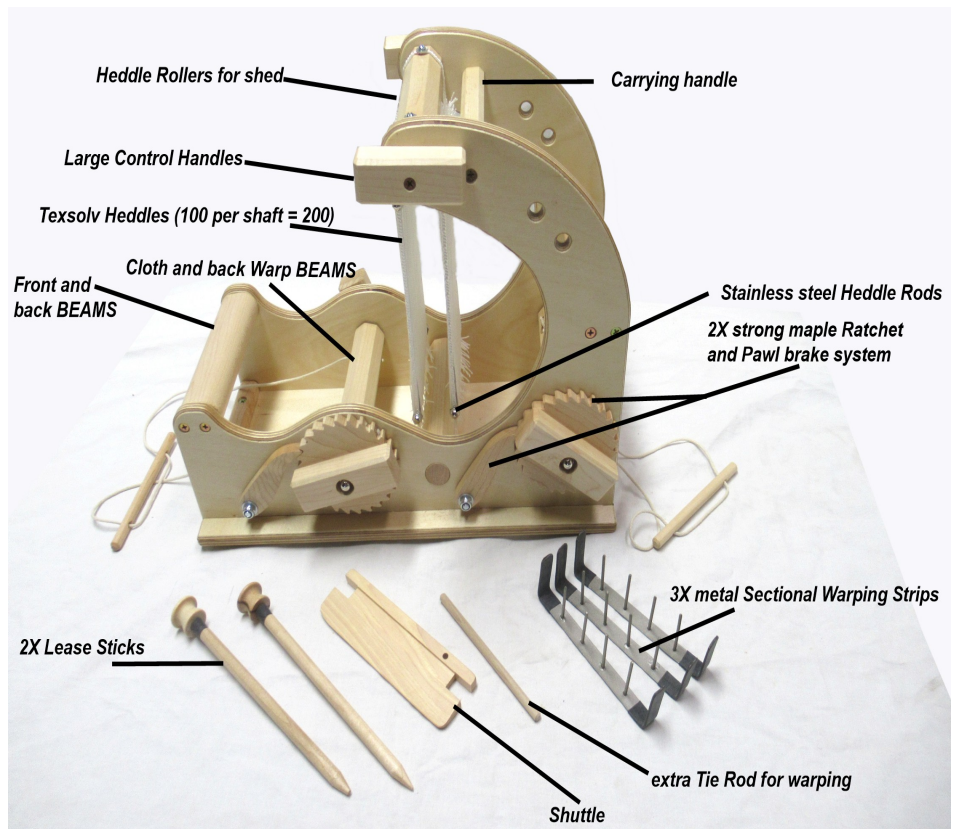

6. I cannot give you the exact shipping costs until your order is packaged and the shipping label is generated. I use UPS or the Post Office for shipping. If you have a shipping preference let me know. Otherwise I try to use the one with the best rate to you.

Mini Wave

The new Mini Waves have a quieter, safer, strong maple WOOD pawl ratchet system that replaces the metal pawl and ratchet system on the older Mini Waves.

Fully assembled with:

- 100 heddles per shaft (or 200 total)
INSTALLED (more than the 200 heddles are not recommended)
- 2 lease sticks
- a shuttle
- extra tie rod
- 3 Warp Beam sectional strips
